## Can't Adopt Right Now?

You can still be a hero to homeless animals. Here's how!

### Don't surrender your pet to IACC or any other shelter

Financial, behavioral, and health issues sometimes make it difficult to keep a pet, but help is available! See the move to ACT Resource Directory

<http://www.movetoact.org/media/RescueRallyDirectory2013.pdf> for options you may not have considered.

### Spay or neuter your pets

It prevents unwanted litters and also benefits your pet's health. Find a low-cost spay/neuter clinic in the Rescue Rally Resource Directory.

### Donate to The Friends of Animal Care & Control Foundation, move to ACT, or a local all-volunteer rescue group

Every dollar donated to these organizations goes to help homeless pets.
